A Message from the Dean

Music has been a part of the University of Toronto for a hundred and forty years. The first Bachelor of Music degree was granted in 1846 and the present Faculty of Music was established in 1918, the first faculty at a Canadian university for the scholarly and professional study of music. Over the years, our graduates have come to occupy important positions in virtually every major musical organization in Canada, and throughout the world from Berlin to Hong Kong, from Cleveland to Auckland.

The Edward Johnson building, the home of the Faculty of Music, is located on the main campus of the University of Toronto in mid-town Toronto, on a subway line, and close to the city's libraries, concert halls, galleries and theatres. The music library is the major research music collection in Canada and includes a vast collection of sound recordings in the Sniderman Recording Archive; the MacMillan Theatre is a fully equipped opera house; Walter Hall is one of the city's major chamber music halls. But a music school finally depends on the people in it, and the staff of the Faculty of Music is made up of the finest scholars, composers and performers with outstanding reputations in Canada and abroad.

With only about 400 undergraduate students, we remain a relatively small school, one where there can be close association among students and between students and teachers. At the same time we are large enough to offer an extraordinary variety of opportunities for learning and for experiencing all kinds of music. There is not a day without a lecture, seminar, master-class or performance of special note; our chamber ensembles, early music group, orchestra, contemporary music ensemble, opera program, concert band, wind symphony, concert choir and university singers provide all students with the practical opportunities both to perform and to hear a vast range of musical repertoire as part of their studies within the Edward Johnson Building. And outside our building students have access to the entire intellectual resources of the University of Toronto, and the brilliant international concert life of Toronto.

Whether your interest is to be a composer, a scholar, a performer, a teacher, this Calendar will provide all the basic information you will need about our programs, entrance requirements, scholarships and teaching staff. Should you have further questions, please call us at (416) 978-3741, or write to Admissions Office, Faculty of Music, University of Toronto, Toronto, Ontario, M5S 1A1. We will be happy to hear from you.

1 The Bachelor of Music Degree with concentrations in Composition, in Conducting, in History and Literature of Music, in Music Education, or in Theory.

The first year of this four-year degree program is a common year. The concentrations begin in second year and students are assisted by the staff at the end of the first year in choosing which concentration they will enter. Only one major area of concentration may be chosen. Students may enrol in a minor concentration in Composition, or History and Literature, if they wish. Minor concentrations begin in third year.

To obtain the degree, students must be registered in 12 to 20 units per year and must fulfill *all of the requirements in each of the categories* of courses listed below. Students with B standing or higher may petition to take more than 20 units.

The courses to be taken fall into four areas: **A. Basic Music Courses; B. Major Concentration Courses; C. Arts and Science Courses; D. Music Electives.**

A Basic Music Courses are required and must be taken in the year specified i.e. the 100 series courses in first year, and the 200 series courses in second year, unless advanced standing or transfer credit has been received. The Basic Music Courses are History of Music, Materials of Music, Sight Singing and Rhythmic Training, Dictation, Keyboard Harmony, Applied Music, and Major Ensemble. These courses are designed to establish a basic level of musical knowledge and skill relevant to all concentrations.

B The Major Concentration Courses begin in second year. Turn to pages 5, 6, 7, and 8 where the required courses and the options are listed. The concentration courses are to be taken over the second, third and fourth years of the program.

C A required minimum of four and a permitted maximum of six Arts and Science courses is designated for the degree. It is recommended that students take one such course each year. A full Arts and Science course earns 3.0 units, and a half Arts and Science course earns 1.5 units towards the MUS.BAC. degree, regardless of the hours per week that they may meet. Students are free to choose from any of the courses in the Calendar of the Faculty of Arts & Science provided they meet the pre- and co-requisites, or from the courses listed on page 25 of this Calendar. Music courses in the Faculty of Arts and Science Calendar designated with the prefix MUS are not generally available to Faculty of Music students.

D A Music Elective is any Faculty of Music course excluding Basic Music Courses that is not required by the student's major concentration. Students are required to complete a minimum of 6.0 units of Music Electives within the four year program. Students completing a Minor Concentration are not required to enrol in any Music Electives.

The following chart shows how the four course areas fit together to make up the four year program. Note that the solidus (/) means "or".

B CONCENTRATION IN COMPOSITION

Students are admitted to the program on the basis of demonstrable achievement in composition. Those students who intend to choose composition will be interviewed by members of the composition staff before the end of the first year, if majors; before the end of their second year, if minors.

Composition students are expected to attend the Composition Workshops, the Student Composers' Concerts and selected rehearsals of the Contemporary Music Ensemble.

Each year the Faculty of Music invites a noted composer to be composer-in-residence for one or two weeks. The composer-in-residence will give special seminars and meet informally with students. The visiting composer for 1985-86 was Arne Mellnäs.

3 The Artist Diploma Program

4 The Licentiate Diploma Program

The Artist Diploma Program is designed to prepare performing artists. The Licentiate Diploma Program is designed to prepare teachers of piano. (See page 15.) To complete these three-year programs, students must obtain satisfactory standing in the courses specified at a rate of between 10 and 20 units per year. The unit value of each course is shown in the section on course descriptions, beginning on page 17.

A transfer between the Artist and Licentiate Diploma programs in the second and third years is not permitted. A student who has completed the requirements for the Licentiate Diploma may, if recommended by the Dean, perform two recitals in a post-graduate year for the purpose of qualifying for the Artist Diploma.

The Artist Diploma and Licentiate Diploma programs are not open to students completing, or who have received, a B.Mus. degree from the Faculty of Music, University of Toronto.

ARTIST DIPLOMA

The courses to be taken fall into three areas: **A. Basic Music Courses; B. Music Courses for Major Instruments; C. Music Electives.**

- A Basic Music Courses** are required and must be taken in the year specified i.e. the 100 series courses in first year, and the 200 series courses in second year, etc. The Basic Music courses are History of Music, Materials of Music, Sight Singing and Rhythmic Training, Dictation, Keyboard Harmony, Applied Music, and Recital(s).

- C A Music Elective** is any Faculty of Music course that is not required by the student's major concentration. Students will see that their programs require a certain number of these courses during the three year period as specified in the succeeding pages.

On the next pages, charts listing the specific courses within each course area are given and show how these areas combine to make up the diploma.

A final 'H' remains an 'H' in the timetable if the course is offered throughout the session, becomes an 'F' if offered in the Fall-Term or an 'S' if offered in the Spring-Term. A final 'C' refers to a course offered only in the summer. Note that the comma (,) means "and"; the solidus symbol (/) means "or".

Detailed instructions concerning Course Selection, Auditions, Placement Tests, etc., will be mailed to returning and newly admitted students during the summer months. The Faculty of Music reserves the right to withdraw courses listed in the Calendar, limit course enrolment, or make substitutions in a student's academic program, without giving prior or special notice. The auditing of courses is not permitted in this Faculty.

Keyboard Harmony

All entering students will be required to take a placement test for first-year Keyboard Harmony (TMU104F/105S), excepting those granted advanced standing or transfer credit for these courses.

Applied Music

All students should be prepared to play a placement audition during registration week in the fall. This audition determines the student's assignment to a performing ensemble and, for those registering for the first time, to an applied music teacher. These assignments are at the discretion of the Performance Division.

All wind, string and percussion students are required to participate, on their major instruments, in a major ensemble, as assigned by the Performance Division. Exceptions are made only by permission of the Performance Division.

Course Changes

Students are advised to consult the schedule of dates at the beginning of this Calendar to ascertain the dates by which courses may be added or dropped. Course change forms are obtainable from the Student Records Officer or the Receptionist.

Confirmation of Courses

Students will be asked to check their courses in October to ensure that the records are correct. In confirming their courses, students are required to accept responsibility for the courses in which they are enrolled by signing and dating their program confirmation sheet.

Transfer and Withdrawal

Students wishing to change programs within the Faculty or University or wishing to withdraw from the Faculty and University should consult with the Assistant Dean. A student may withdraw from the Faculty and University up to February 15 without incurring academic penalty.

Study Elsewhere (Letter of Permission)

Students wishing to complete one or more courses at another university, for credit towards a Faculty of Music degree, must apply in advance to the Assistant Dean. Calendar descriptions and course outlines must be provided. An official Letter of Permission will be issued only for courses that are relevant to the student's program and deemed to be fully equivalent to an appropriate University of Toronto course.

Annual Examinations

Annual examinations take place at the University in April and May; final examinations in Fall-Term courses are held in December (see Schedule of Dates, p. 2).

a) *Standing in a Course*

Students receive standing in a course if they obtain a final mark of 50% or higher. The following scale of marks and grades is used for all courses other than those for which either "CR" (Credit) or "NCR" (No Credit) is granted.

Mark	Grade
80%–100%	A
70%– 79%	B
60%– 69%	C
50%– 59%	D
35%– 49%	E
0%– 34%	F

b) *Standing in a Year*

To receive standing in any year, a student must obtain an overall average of 60% or higher, based on the following scale:

Mark	Grade
80%–100%	A
70%– 79%	B
60%– 69%	Pass
Less than 60%	Fail

A student with full-time status who obtains an "A" standing in the final year will graduate "with honours".

A student who fails first year must reapply for admission through the Assistant Dean and will be considered with other first-year applicants; re-acceptance is not automatic.

A student repeating first year must achieve a cumulative average of 60% in his/her second attempt. Failure to do so will result in suspension from the Faculty.

Students beyond first year whose cumulative average is less than 60% will be placed on probation; failure to achieve a cumulative average of 60% or better at the end of the probationary year will result in suspension from the Faculty for at least one year. A degree will not be granted if the cumulative average is below 60%.

Students conditioned in prerequisite courses may find they are unable to enrol in a full program of their next higher year until the conditions are removed.

Petitions

Students seeking exemption or other variation from academic regulations during the school year should apply to the Coordinator, Student Records and Counselling, for an official Petitions form.

Academic Appeals

The Academic Appeals Committee of the Council of the Faculty of Music has been established as the formal structure within the Faculty for the hearing of appeals against a final mark in a course. Within the Faculty, final decision on an appeal rests with this Committee, which reports to Faculty Council for information.

Procedures

1. A student wishing to appeal a final mark should first arrange an interview with the instructor and/or the divisional coordinator.
2. Following this meeting, if an appeal is to be launched, the student must consult with the Assistant Dean about the preparation and submission of the appeal.
3. Time limit – Appeals must be submitted within six months of the issuing of the official Statement of Results.
4. The written notice of appeal must state the nature and grounds of the appeal and must be accompanied by any documents or material which will be used in support of the appeal.
5. Receipt of the appeal will be acknowledged by the Chairman of the Academic Appeals Committee in a form letter sent by registered mail or other receipted delivery. It is the responsibility of the appellant to ensure that a current mailing address is provided to the Committee.
6. The Chairman of the Appeals Committee will set a date and time for the appeal to be heard. The appellant will be notified of the date, time and place of the meeting by registered mail or other receipted delivery, at least two weeks prior to the meeting date. The general format of the conduct of the meeting will also be communicated to the appellant.
7. The student has the right to appear before the Academic Appeals Committee, with or without an adviser. If the student intends to be accompanied by an adviser this must be communicated to the Chairman of the Academic Appeals Committee on the notice of appeal.
8. The Academic Appeals Committee is required to arrive at a majority decision and this decision, together with a statement of the reasons for that decision will be sent to the appellant by registered mail or other receipted delivery within one week of the hearing of the appeal.
9. A further appeal from the decision of the Faculty of Music Academic Appeals Committee may be commenced by filing a notice of appeal with the Secretary of the Academic Appeals Board of the Governing Council of the University of Toronto, no later than six months after the decision from which the appeal is being taken from has been communicated in writing to the appellant.

Aegrotat Standing

If a student wishes to be considered for aegrotat standing in any examination because of sickness, domestic affliction, or other causes, a petition must be filed with the Assistant Dean before the close of the examination period, together with a doctor's certificate or other evidence.

Access to Student Academic Records

The following is the implementation of "Policy on Access to Student Academic Records Maintained by Undergraduate Academic Divisions of the University of Toronto", passed on February 16th, 1979, the full text of which is available from the Assistant Dean's office.

Upon written request, a student may have, within 30 days of receipt of the request, access to the following:

- i) Registration and fees forms
- ii) Results for each course and year
- iii) Narrative evaluations of a student's academic performance used to judge his/her progress through the academic program
- iv) Results of any petitions and appeals filed by a student
- v) Medical information relevant to a student's academic performance, which has been furnished at the request of, or with the consent of, the student concerned.

The students' applications for admission and supporting documents, (e.g. jury assessments, letters of recommendations, etc.) are not accessible.

Attendance and Unsatisfactory Work

Students whose attendance or work is deemed to be unsatisfactory may have their registration cancelled at any time by the Council of the Faculty. The Council may suspend a student from registration in the Faculty for a given period of time not exceeding two years for unsatisfactory work. The student must then reapply for admission through the Assistant Dean.

Recitals

Although students are encouraged to give recitals which are not required as part of their program, they must receive permission to do so from the Performance Division.

Performing Engagements

During the academic year, students in the Performance Degree or the Artist, Licentiate and Operatic Performance Diploma programs must obtain permission before accepting professional or amateur engagements or participating in any musical activities not connected with the Faculty of Music.

Undergraduate Association

The Undergraduate Association is the official undergraduate organization in the Faculty of Music. The object of the Association, as stated in its constitution, is "to promote the interests of undergraduates in the Faculty of Music, to cultivate relations between the faculty and the student body, to encourage participation of the student body in University activities, and to further goodwill among the members themselves."

The officers are elected annually and consist of the President, the Vice-President, the Secretary, the Treasurer, and the Student's Administrative Council representative. These persons, as well as appointed Committee Chairpersons, form the Executive Committee, and are joined by elected class and program representatives to form the Students' Council.

The various standing committees are responsible for the planning and co-ordination of a number of student functions. One very important annual event is the orientation program each fall for new incoming students. This ambitious undertaking involves two- or three-day events designed for all staff and students at the Faculty with particular emphasis on and attention to new students. Each first year student is assessed a \$15.00 orientation fee, which they pay upon registration in the first year *only*, which entitles each student to *four years* worth of orientation activities.

The President of the Association is an ex-officio member of the Faculty Council and the Association organizes the election of student members to Council.

Financial Assistance

General Information

It should be made quite clear that students must themselves bear the cost of attending University and should not depend on receiving bursaries and/or scholarships from the Faculty of Music or the University of Toronto. Neither the University nor the Faculty has sufficient funds to provide anything other than small sums of money to students. Bursaries usually range from \$100 to \$500. Detailed information on bursaries and scholarships is given below. It is the policy of the Faculty of Music and of the University of Toronto that students needing financial assistance should consider the first means of help to be their governments' student aid schemes. Information on loan funds is also given.

A Bursary is an award given to a student who can demonstrate the need for financial assistance in order to proceed with his or her education. While need is a major consideration in awarding a bursary, a student's record must indicate that he or she would benefit from further education. Applications are necessary for bursaries.

A Loan is a sum of money granted to a student upon submission of evidence of financial need. The sum of money has to be fully repaid by the student to the loaning body at an interest rate established at the formal completion of the loan agreement. Applications are necessary for loans.

A Scholarship or Prize is awarded to a student for high academic and musical achievement. Applications are not normally necessary for scholarships, but students should consult the information about each scholarship listed below.

After deducting any outstanding fees, a cheque will be mailed to the student's sessional address about three weeks after the award is made.

When any award is granted upon standing obtained in part of the work of any academic year, the candidate must obtain standing in the work of the academic year as a whole.

Government Student Assistance Plans

The Ontario Student Assistance Program is a student aid package administered by the Province of Ontario. The components of this program are as follows:

The Ontario Study Grant Plan

The main purpose of the Ontario Study Grant Plan is to provide non-repayable grant assistance to students from less affluent families, normally for their first four years of post-secondary education.

The Canada Student Loans Plan

The main purpose of the Canada Student Loans Plan is to provide need-tested loan assistance up to and including the doctoral level of study. Students who have reached 'independent status' can be assessed for loan assistance without reference to their families' income.

The Ontario Student Loans Plan

The main purpose of the provincial loans plan is to make need-tested loan assistance available to students who are not covered by the Canada Student Loans Plan. At present this includes students taking less than 60% of a normal course load and some full-time students whose needs are not fully met by the Canada Student Loans Plan.

The Ontario Special Bursary Plan

The main purpose of the Special Bursary Plan is to ensure that particularly needy part-time students receive grant assistance. There will continue to be an upper limit on the number of courses that a student can take (three university courses or their equivalent) and students will not be able to receive financial assistance from both this program and the Ontario Study Grant Plan at the same time.

All students who are attending the University may qualify for aid under one or more of these plans provided they satisfy the residency requirements and demonstrate financial need as outlined in the Ontario Student Assistance brochure. Students wishing to apply under the Ontario Study Grant Plan, the Canada Student Loans Plan or the Ontario Student Loans Plan can do so on the same application form.

Application forms and brochures will be available in April and can be obtained from the Office of Student Awards, University of Toronto, Toronto, M5S 1A1. (Telephone 586-7590)

Loan Funds

Devonshire Loan Fund The Devonshire Loan Fund, established by graduates of Devonshire House, provides assistance to students in the Residence. Apply to the Dean of Devonshire House.

P.E.O. Educational Fund Established by the P.E.O. Sisterhood, an international organization devoted to the furthering of opportunities for higher education for women, this fund provides financial assistance in the form of loans to women students. Loans bear an interest rate of 4% per annum from the date of the note, with additional loans possible, provided the applicant maintains the scholastic average required for graduation. Further information may be obtained from Mrs. N. Moran, Ontario Provincial Chairman, P.E.O., R.R. 1, Puslinch, Ontario.

University of Toronto Alumni Association Loan Fund This fund comes from subscriptions received originally in 1919 and in succeeding years from graduates of the University and is administered by the University of Toronto Alumni Association. Loans are available to undergraduates and graduate students enrolled in a full-time program at the University, in second and subsequent years. Funds are available for emergency purposes only. Particulars may be obtained from the University Alumni Association, Alumni House, 47 Willcocks Street, Toronto.

Counselling, Advice and Help

There are always people willing to talk to students about any problems or difficulties they may be encountering, be they academic, emotional, financial, or personal. Any member of the teaching staff can be asked for help, particularly on academic matters. The Assistant Dean is willing to talk with students on any matter. Outside the Faculty, the University Advisory Bureau and the University Health Service have experienced staff available at all times. Students should not feel they are alone when attending University.

The Career Counselling and Placement Centre, Koffler Student Services Centre, provides career counselling and employment services to students and recent graduates on an individual or group basis. Appointments with a career counsellor can be made by telephoning the Centre. The Centre's Career Resource Library contains general career and specific employer information. Summer, part-time and permanent employment opportunities are advertised at the Centre regularly. It is important to visit the Centre early in the academic year in order to discover all possible avenues of employment.
